245 South Fourth
18 August 1862

Dear Sir

Will you please inform me by note, what are the proper formalities to be observed in sending blanks to the Mint, to be coined. Of course the pieces are to be accompanied by a note. To what officer is it to be directed, and on what days & hours.

I wish to send three or four dollar heavy pieces, to be coined into half-dollars or dollars, but on any account to be sold, though some might buy more than the State would give on being coined: — Is any receipt given for the pieces which may be left? I wish to be able to instruct my messenger.

Truly yours

Hon. Sonnet

J. C. Booth Esq
